

Faculty Senate President's Report January 22, 2019

1. FS President Board of Trustees Report was given on Wednesday, January 16th. The report highlighted the work all faculty are doing for curriculum changes regarding 180 credits, General Education Program, and transfer friendly changes. The report also shared the work of what PLCs do and who is involved on those committees.
2. There were no objections, concerns or questions sent to me about these changes:
 - 7.1 Department Name Change, Department of English, Writing and Linguistics, David Hargreaves and Kathy Cassity
 - 7.2 New Division proposal: Criminal Justice, Kathy Cassity
3. Note: FS committees can request to make changes in their membership and charge. Those requests do not have to go through the Committee on Committees first.
4. Wondering about changes happening at WOU? If WOU faculty are wondering about changes happening on campus and want more information, you can request directly or request that the Executive Committee ask for informational reports.
5. Upcoming: Shared Communications Meeting on January 29th. Invited: faculty, staff, students representing various groups, President Fuller and WOU Cabinet. Focus for the meeting is the university organizational chart and a discussion about uncivil behaviors.
