

How to search for a Roommate

Housing Renewal for 2024-2025

As you may know, we used to use the My College Roomie platform for roommate matching, but it is no longer active.

Roommate Matching will now be done in your **Housing Renewal Application**.

Now that roommate matching is open, this part of the application is accessible, and it will take you to a screen similar to the one below.

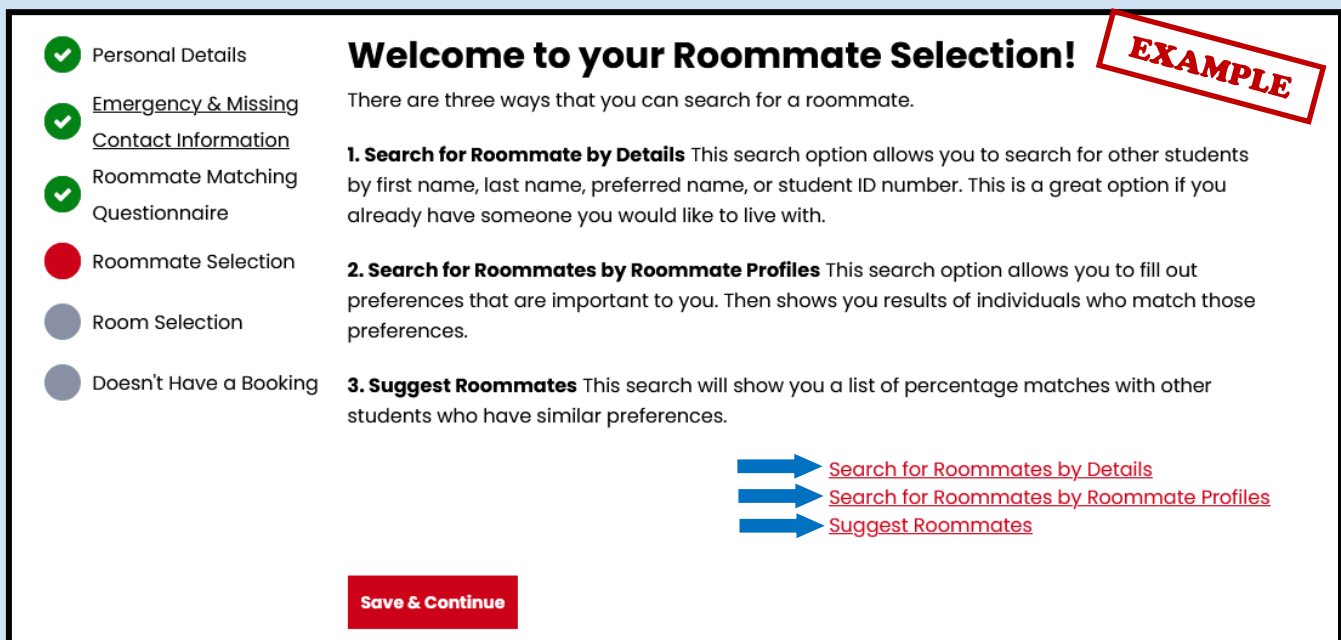

You have 3 ways of searching for a roommate:

- 1. Search for Roommate by Details**– by selecting this option you can search for others by First/Last/Preferred Name, or Student V#.
- 2. Search for Roommates by Roommate Profiles**– this option allows you to fill out preferences that are important to you and show you results for individuals who match those preferences.
- 3. Suggest Roommates**– this option will show you a list of individuals and their percentage of how well they match with you.

Roommate Matching ends at 5pm Thursday February 1st.

Once your roommate group is set, the one who will have the earlier selection Start Time should be the one to select the space and pull the others in.

Room Selection Start Times will get posted to your Housing Overview on Friday February 2nd after 4pm.

The screenshot shows a sidebar on the left with navigation options: Personal Details (checked), Emergency & Missing (checked), Contact Information (checked), Roommate Matching (checked), Questionnaire (checked), Roommate Selection (selected), Room Selection, and Doesn't Have a Booking. The main content area is titled "Welcome to your Roommate Selection!" and includes an "EXAMPLE" stamp. It lists three search methods: 1. Search for Roommate by Details, 2. Search for Roommates by Roommate Profiles, and 3. Suggest Roommates. At the bottom, there are three blue arrows pointing to links: "Search for Roommates by Details", "Search for Roommates by Roommate Profiles", and "Suggest Roommates". A red "Save & Continue" button is at the bottom left.
