

Sharing your videos on Moodle

①

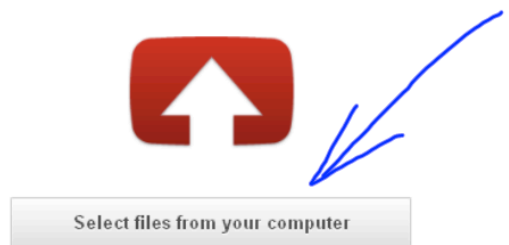

②

③

Click here to get started

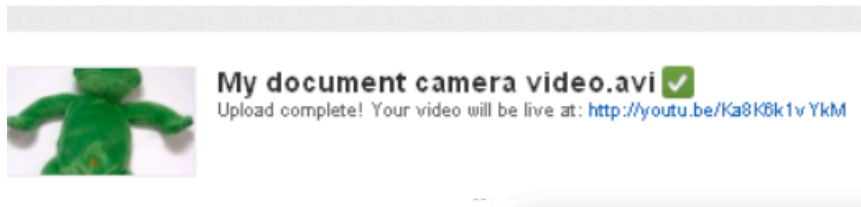

④

Add a description, tags, title, and adjust privacy settings and category while your video uploads.

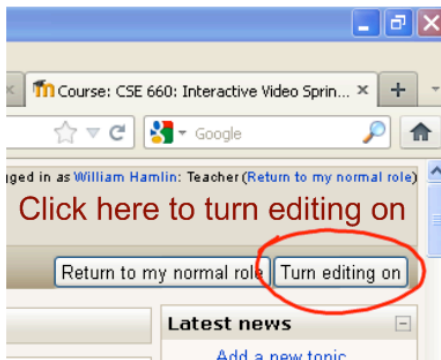

5

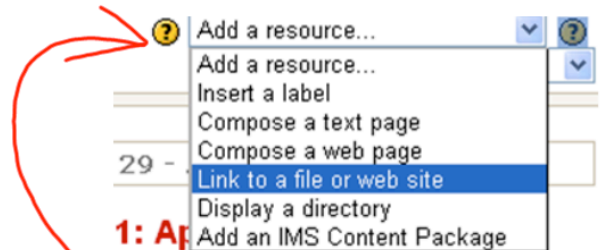

When your upload is complete, you will be given a URL you can link to in Moodle.

Log in to Moodle, then complete these steps:

1

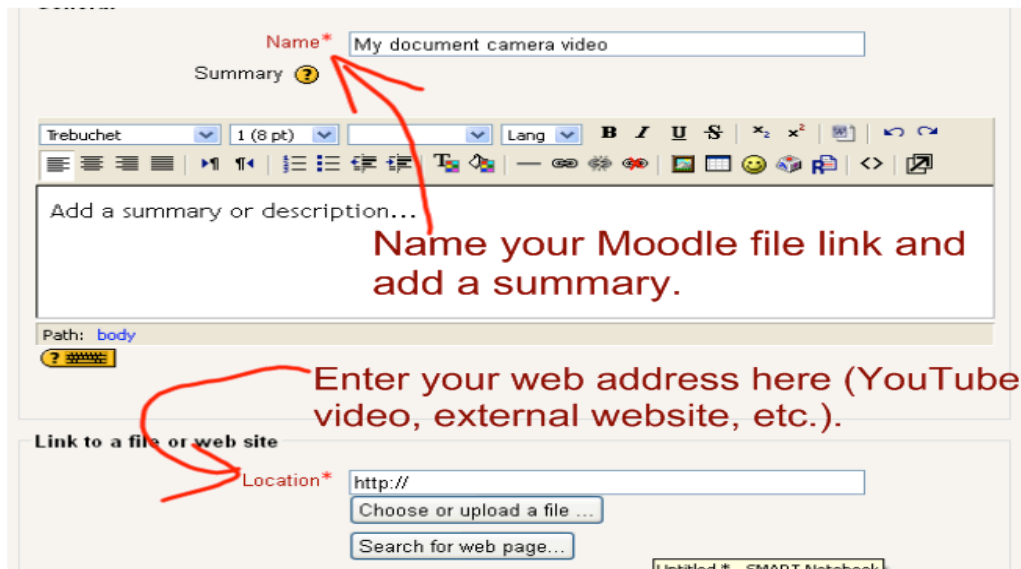

2

Click the "Add a resource" dropdown menu, then select "Link to a file or website."

3

Then, scroll down and click "Save"
